- ✓ Word Cards: “cot,” “rocks,” “feet” (one of each to be placed on missing spaces in poem)
- ✓ Tape (to affix the Word Card to the poem)
- ✓ Snapshot Assessment (optional; one per student)

Opening

A. Introducing Make a Match

- (Suggested transition song, sung to the tune of “Frère Jacques”):
 - “**Now it’s match time, now it’s match time. Hear the words, hear the words. Match the endings together, match the endings together. Make a pair, make a pair.**”
- Introduce the Make a Match instructional practice:
 1. Students stand in a circle to “fish” for matches.
 2. Teacher says: “Today we are going to challenge ourselves to use what we know about rhyming sounds to match rhyming words together.”
 3. Teacher places **Rhyming Picture Cards** facedown in the middle of the circle.
 4. Teacher says: “When I say, ‘It’s time to fish,’ each person is going to use their imaginary fishing pole to pick up a Rhyming Picture Card from the imaginary pond.”
 5. Teacher demonstrates using the imaginary fishing pole to pick up a Rhyming Picture Card.
 6. Teacher says: “Once you have your Picture Card, you will try to make a match. You will find the person who has a Picture Card that rhymes with your Picture Card. Once you’ve found that person, you have made a match!”
 7. Teacher demonstrates how to make a match, choosing cards from the lesson. Teacher hands one matching Rhyming Picture Card to a student volunteer and keeps the other.
 8. Teacher says: “I have a Picture Card of a wig. I am going to ask (insert name of student) if he or she has a picture that rhymes with ‘wig.’”

9. Teacher shows his or her card to the class (example: “wig”) and asks a student volunteer to show his or her card to the class (example: “pig”).
10. Teacher asks:
 - “Do I have two cards that match?” (yes)**
 - “What makes them match?” (They both have an “-ig” ending.)**
11. Teacher says: “Yes! We have made a match! So, we will sit down together with our matching Rhyming Picture Cards.”
12. Teacher says: “Now it’s your turn to make a match. It’s time to fish!”
13. Students “fish” for cards, find partners, and decide together whether their cards rhyme with each other.
14. Partners sit down when they find a match and share their rhyming words with the class, if time allows.
15. Teacher says: “We have just matched pictures that rhyme. Next, we will find missing rhyming words together.”

Meeting Students' Needs

- If students need help finding a match, provide sentence starters for them to use. Example:
 - “I have the picture 'bed.' Do you have a picture that rhymes with 'bed,' that ends with '-ed'?”
- Circulate while students search for a match, guiding them to find their partner if they have trouble.

Work Time

A. Introducing Interactive Sentence Building

- (Suggested transition song, sung to the tune of “I’m a Little Teapot”):
 - “Now let’s all be writers, word by word. Finish the sentences we just heard. When we choose a word, it will rhyme. It sounds just right, let’s do it all the time!”**
- Introduce the Interactive Sentence Building instructional practice:
 1. Teacher posts **interactive poem: “My Sister”** with some words missing (see Teaching Notes and Supporting Materials for guidance).
 2. Teacher says: “It looks like some of the words for our poem are missing! Let’s see if we can figure out what those words are!”
 3. Teacher reads the first line of the poem: “My sister is just a little tot.”
 4. Teacher reads the second line with the final word omitted: “She takes a nap on her little ___.”
 5. Teacher asks:
 - “Hm. What word would rhyme with ‘tot’ and make sense in this sentence?” (“cot”)**
 - “How do we know that ‘tot’ and ‘cot’ rhyme?” (They both end with “-ot.”)**

6. Teacher says: “Let’s check! Listen to how I segment (separate) the first sound from the ending chunk in ‘tot’: /t/-/ot/. I hear /ot/ at the end of ‘tot.’”
7. Teacher asks:
“Who can do that with the word ‘cot?’”
8. Teacher says: “‘Tot’ and ‘cot’ rhyme. They both end with ‘ot.’ Now let’s find that word.”
9. Teacher show students the **Word Cards: “cot,” “rocks,” “feet.”**
10. Teacher asks:
“How can we figure out which word is ‘cot?’” (find word that begins with /k/)
11. Teacher says: “Yes, we can find the word that begins with /k/.”
12. Student volunteer finds the word “cot” and places it at the end of the sentence.
13. Teacher rereads the two sentences, modeling one-to-one correspondence as students follow along.
14. Repeat steps 3–12 with lines 3 and 4, then 5 and 6, of the poem, if time allows.
15. Teacher rereads the entire poem, modeling one-to-one correspondence, while students follow along.

Meeting Students’ Needs

- Consider stretching each rhyming word so students can hear the ending sounds (rime).
- Consider extending this practice by asking students to identify how many syllables are in each word (one) and to identify the vowel letter in each word and the sound it makes. This continues to lay the groundwork for developing the important understanding that every syllable contains one vowel sound.

Closing and Assessment

A. Reflecting on Learning

- Emphasize that successful learners think about what they’ve learned and why it’s important. Consider using a metaphor, such as a baseball player learning to keep his or her eye on the ball to know exactly when to hit it.
- Ask:

*“When we match rhyming words, what part of the word are we listening to?”
(the ending)*

“How might that help us with reading or writing?” (Responses will vary.)

Meeting Students’ Needs

- For students who need additional support organizing their ideas: Provide sentence frames. Example:
— “When I listened to the sounds in _____, I _____.”

Differentiated Small Groups: Work with Teacher

Suggested Plan: Teacher works with the Pre-Alphabetic and Early Partial Alphabetic groups. Teacher may meet briefly with the Late Partial and Early Full Alphabetic groups to get them started on independent work.

Note: Groups not working with the teacher at a given time should be engaged in purposeful independent rotation work. Refer to the Independent and Small Group Work guidance document (see K-2 Skills Resource Manual) for more details.

Pre-Alphabetic:

- Practice activity: Teacher guides students in sorting Rhyming Picture Cards.
 - Students cut apart Rhyming Picture Cards.
 - Teacher guides students in matching Rhyming Picture Cards.
 - Students paste pictures onto Rhyme Matching sheet.
- Consider also reading the Letter Stories: “b” or “w,” found in the Learning Letters Book. After reading the story, practice skywriting the letter.
- Additional Supporting Materials:
 - Rhyming Picture Cards (used also in Opening A)
 - Rhyme Matching sheet
 - Scissors and glue sticks (one of each per student)

Early Partial Alphabetic:

- Practice activity: Teacher guides students in sorting Rhyming Picture Cards.
 - Students cut apart Rhyming Picture Cards.
 - Students paste pictures onto Rhyme Matching sheet.
- Consider also reading the Letter Stories: “b” or “w,” found in the Learning Letters Book. After reading the story, practice skywriting the letter.
- Additional Supporting Materials:
 - Rhyming Picture Cards (used also in Opening A)
 - Rhyme Matching sheet
 - Scissors and glue sticks (one of each per student)

Late Partial and Early Full Alphabetic:

- Practice activity: Students sort pictures by rime pattern.
 - Students cut apart pictures from Rime Pattern Pictures.
 - Students sort and paste pictures on Rime Pattern Sort sheet.
- Additional Supporting Materials:
 - Rime Pattern Pictures
 - Rime Pattern Sort sheet
 - Scissors and glue sticks (one of each per student)
